At a meeting of the Heritage Council of Victoria on 3 October 2019 it was determined that, in accordance with sections 49 and 62 of the *Heritage Act 2017*, the above place is to be amended in the Heritage Register, by making the following amendments:

- amending the registered place name in accordance with the Executive Director's recommendation report; and
- amending the extent of registration by adding land, in accordance with the Executive Director's recommendation report; and
- including the place in the Heritage Register in the heritage categories of Registered Archaeological Place and Registered Objects Integral to a Registered Place in addition to the current category of Registered Place; and
- amending the categories of works or activities which may be carried out in relation to the place for which a permit under the *Heritage Act 2017* is not required, in accordance with the relevant terms of the Executive Director's recommendation report; and
- including registered objects integral to understanding the cultural heritage significance of the registered place, pursuant to section 49(1)(e) of the *Heritage Act 2017*, in accordance with the list of five items at '2.' referred to on page 4 of the Executive Director's recommendation.

This decision was reached having considered the information included in the Executive Director's recommendation report and submissions received pursuant to s.44 of the *Heritage Act 2017*. The Heritage Council is of the view that it is neither necessary nor desirable for it to approve or amend either the Statement of Cultural Heritage Significance or Permit Policy recommended by the Executive Director in relation to the place. The Heritage Council's reasons for determining to make the above amendments to the Heritage Register are otherwise generally in accordance with the reasons of the Executive Director.
