

## HERITAGE COUNCIL DETERMINATION

Determination Date	1 February 2024
Place/Object Name	<b>Daylesford School of Mines</b>
Location	100 Vincent Street, Daylesford, Hepburn Shire
VHR Number	H2434
Category	Registered Place; Registered Object Integral to a Registered Place

The Heritage Council of Victoria determined on **1 February 2024** that:

- the above place is of cultural heritage significance to the State of Victoria and is to be included in the Victorian Heritage Register ('VHR') as a Registered Place in accordance with section 49(1)(a) of the *Heritage Act 2017 (Vic)*; and
- that the objects are integral to understanding the cultural heritage significance of the place under 49(1)(e) of the Act; and
- the proposed categories of works or activities which may be carried out in relation to the place for which a permit is not required ('permit exemptions') and will not harm the cultural heritage significance of the place are to be included, pursuant to section 49(3) of the Act, in accordance with the Executive Director's Recommendation ('Recommendation').

This decision was reached having considered the assessment against the Heritage Council's criteria, the information included in the Executive Director's Recommendation, and the submission received in response to the Recommendation. The Heritage Council's reasons for determining to include the place in the VHR are generally in accordance with the reasons of the Executive Director in the Recommendation.

Although the Heritage Council considered the exemption sought in the submission made on behalf of the Daylesford Museum Reserve Committee of Management relating to 'ventilation stacks', the Heritage Council considers this matter might instead form the subject of further discussion with the Executive Director or a special exemption request.

**Professor Philip Goad**  
Chair, Heritage Council of Victoria
